

Cardiac Physiologist

Auckland, New Zealand

Want to live in and work in New Zealand?

Waitemata District Health Board has the largest– and second fastest growing – population among all district health boards in New Zealand. We offer a wide range of services as well as a teaching facility with a well-established and highly respected research programme.

Located in Aucklands beautiful North Shore. You will be a short stroll away from the shores of Lake Pupuke and the relaxed beach side shops, cafes, bars and restaurants of Takapuna. If you are looking for a taste of the kiwi life style this is the perfect opportunity.

We are seeking an enthusiastic qualified Cardiac Physiologist to join our rapidly developing Cardiac Physiology department. We are an enthusiastic team focused on contributing positively to the future of Cardiology.

As a Cardiac Physiologist at WDHB, you will be part of a busy, integrated, flexible team and expected to maintain skills in all areas. The procedures you may be involved with include:

- ECGs, Holter/Event/ABU monitor fitting and analysis
- Spirometry (inpatients only)
- Exercise Treadmill testing including. Some procedures are Physiologist led.
- Cardiac Catheterisation Angiograms, PCI and Right Heart Studies.
- Pacemaker/ ICD implants and follow up (experience not essential).
- Training and supervision of Cardiac Physiology students

You will also need to demonstrate excellent interpersonal and communication skills, an understanding of relevant technology and be willing to work as part of a team.

Our ideal candidate:

- Registered as a Cardiac Physiologist with the Clinical Physiologists Registration Board
- Minimum of two years' experience as a qualified physiologist

Why work for us?

- Dedicated immigration advisor provided
- Relocation packages (where applicable)
- 6 months Free Health Cover (must apply within 4 weeks of starting)
- In-House Career Development Service to support you in developing your career
- Free Employment Assistant Programme
- On-going professional development - certification and workplace training
- Free Flu Vaccinations
- Flexibility in work options to suit lifestyle in various departments

- Discounts at some great companies
- Free 24/7 Gym
