

Sales or Clinical Support Cardiac Rhythm Management

AUSTRALIA

As a trusted partner to Australia's healthcare professionals, BIOTRONIK with its entrepreneurial team is committed to improving patients' lives through high-quality, innovative and customized cardiac solutions.

We are experiencing unprecedented growth, thanks to a passionate team and a fast-moving product pipeline. If you have experience in cardiac pacing or electrophysiology, whether in a clinical or commercial role, and would enjoy the opportunity to work in Australia, we would like to speak with you.

Your Profile:

- Minimum 2 years experience in cardiac pacing (clinical, sales or marketing)
- Team player, solution-focused, flexible,

Responsibilities:

- Provide support for implantation and follow up of pacemakers, ICDs and Heart Failure devices
- Provide technical advice to medical practitioners and technical support staff regarding the management of Biotronik products
- Sell the Biotronik portfolio of cardiac rhythm devices through your excellent product knowledge and understanding of clinical cardiology

Package:

- Relocation support
- Employer-sponsored 4 year working VISA with extension option (if required)
- Very competitive salary and bonus
- Private health insurance
- Mercedes company car
- Pension (superannuation)
- Group life assurance
- Salary continuance cover
- Training and accreditation programs in Australia and the US
- Ongoing career development opportunities.

If the prospect of relocating to this country of opportunities excites you, or you are looking to relocate back home, and you are interested in becoming part of our success story, please send your CV and cover letter to:
